December 2010

Available in the New Year

Live Weather Data from Skye DataHogs/MiniMets on your PC and/or website/intranet.

Our website is currently undergoing a re-design with a new easier to navigate layout and lots more case studies. We hope the new site will be 'live' in early January. Keep checking!!

Beat the VAT increase...

UK VAT is increasing from 17.5% to 20% on 4/1/10. If you are considering a purchase in January, then why not place your order in December so that we raise an invoice using 17.5% VAT. You don't pay for the goods until the goods are either ready for despatch or 30 days after despatch if you have a credit account.

Christmas/New Year Opening Hours....

The Skye office will close at 5pm on 23/12/10 and re-open on 4/1/11

Seasons Greetings to you all

Skye in the Snow this week

Everyone at Skye sends you their very best wishes for Christmas and New Year and we very much look forward to supplying you with some of our quality instruments in 2011.
